4. Issue Update with Summer Minnick of the MML

Summer Minnick of the MML reported on activities in Lansing. The MML has had a pretty aggressive agenda going into the lame duck session. They got about half of what they were seeking in the six day session.

- Sewer infrastructure funding, clean Michigan funding
- TOD package allows communities to do Transportation Oriented

- Design and raise money to do.
- 5550 HB allows communities to refinance bonding debt without having to show lower interest rate payments.
 - Didn't get 2 inch rule for municipal sidewalk, but it should be easier to get next year.
 - Didn't get on-line public notice
 - Didn't get town/gown DDAs around universities.
 - Didn't get gas tax increase.
 - SB 77 was made a mess of. The issue was related to filing of homestead exemptions with the goal of getting banks to get rid of foreclosed properties quicker and relieve the tax burden of those trying to purchase.
 - The bill on PA 312 we are trying to prevent from being enacted as instead of providing relief to PA 312, it expanded it.

Sam Bolt asked if we will see any true reform on PA 2113.

Summer Minnick stated yes, we plan to work on that right after the new year.

Don Stypula asked if there would be movement to amend Act 7 & 8 regarding intergovernmental cooperation.

Summer Minnick said yes, we also have that ready to go as of the first of the year.

Denny Hoemke asked if the medical marijuana law would be overturned.

Summer Minnick answered the hard part to that is that it would require a 2/3 vote. We are working on it, but it will be a big mountain to climb.

5. Legislative Breakfast

The legislative breakfast will be held on January 24 at 9:00 a.m. in the River room in the Riverview building. Don Stypula will put out a notice on the cancellation of the regularly scheduled legislative meeting.
