

**GVMC Welcomes  
Senator Debbie Stabenow**

On Wednesday, GVMC was pleased to host United States Senator Debbie Stabenow to a lunch with our members and friends. Over 120 people attended the meeting to hear Senator Stabenow's update on critical issues before the United States Senate.

The Senator is very involved in the protection of our Great Lakes. She informed us of the work being done to protect against the invasion of Asian Carp, the threat caused by micro-beads used in cosmetic manufacturing and the potential danger of the pipeline located in the Straights of Mackinaw.

GVMC was pleased to welcome our Senior United States Senator and we received many positive comments about the luncheon.
