**JOINT TECHNICAL POLICY COMMITTEE MEETING**

**Wednesday, January 19, 2022**

**9:30 AM**

The Rapid Central Station Conference Room

250 Grandville Ave SW

Grand Rapids, MI 49504

---

**AGENDA**

- I. **ROLL CALL AND INTRODUCTIONS**
- II. **APPROVAL OF MINUTES**—Defer action until Committees meet separately
- III. **OPPORTUNITY FOR PUBLIC COMMENT**
- IV. **TIP AMENDMENTS/MODIFICATIONS**—**ACTION**: On behalf of MDOT, KCRC, GVMC, The Rapid, Kentwood, Lowell, and the City of Grand Rapids amendments/modifications to the FY2020-2023 TIP are being requested. Staff is also requesting review of potential strategies to accommodate updated FY2022 funding targets, which may result in TIP modifications/amendments.  
**Please refer to Item IV: Attachment A and Item IV: Attachment B**
- V. **TIP 2023-2026 DRAFT PROJECT LIST**—**ACTION**: The Committees will be asked to approve the preliminary draft 2023-2026 TIP project list so it can move forward with consultation, environmental justice, air quality, and public involvement.  
**Please refer to Item V: Attachment A**
- VI. **OTHER BUSINESS**
- VII. **ADJOURNMENT**

**GRAND VALLEY METROPOLITAN COUNCIL**

**MEMORANDUM**

---

**DATE:** January 12, 2022

**TO:** Technical and Policy Committees

**FROM:** Laurel Joseph, Director of Transportation Planning

**RE:** **FY2020-2023 Transportation Improvement Program**

---

On behalf of MDOT, KCRC, Grand Rapids, GVMC, ITP The Rapid, Kentwood, and Lowell the following amendments/modifications to the FY2020-2023 TIP are being requested. Here are the specific requests:

- MDOT is requesting the amendments/modifications to the TIP project list in the attached pending projects and GPAs summary. MDOT is also requesting committee review of the S/TIP exempt project list, which has been modified to only show the projects that have undergone changes since the last Committee meeting. MDOT staff may highlight a few of note during the meeting (please see attachments).
- KCRC is requesting to add a bridge project to the FY2022 TIP, which has triggered a GPA threshold increase to the FY2022 Local Bridge GPA (please see attachment).
- The City of Grand Rapids' is requesting to move their Burton Street safety project from FY2023 to FY2022, and also to add another Burton Street safety project that was recently awarded funds to FY2022, which has triggered a GPA threshold increase for the FY2022 Local Traffic Ops and Safety GPA. Grand Rapids is also requesting to add a repurposed earmark project to FY2022 (please see attachments).
- GVMC is requesting to increase the budget of the FY2023 Clean Air Action Program based on the TPSG Subcommittee's recommendation during programming meetings for the FY2023-2026 TIP (please see attachment).

- On behalf of ITP The Rapid, GVMC staff is requesting approval of a budget increase to ITP's FY2022 bus replacement CMAQ project to utilize surplus CMAQ funds. At their meeting on Dec. 1, 2021, TPSG recommended allocating the surplus funds left when the Grand Rapids TOC was funded by the state set-aside rather than GVMC's regional CMAQ allocation (\$520,661) to Kentwood for their turn lane project if the budget needed to increase and the remaining balance to The Rapid. After consulting with their engineer, Kentwood determined their current budget estimate was correct, thus leaving \$520,661 for The Rapid. This change has triggered a GPA threshold increase for the FY2022 Transit Capital GPA. To help balance this FY22 allocation, The Rapid is proposing to forego \$340,000 for bus replacement and \$100,000 for their vanpool program in FY2024 (please see attachment).
- On behalf of Kentwood, GVMC staff is requesting an increase in TAP funds for Kentwood's FY2022 Burton Street sidepath project. During their meeting to recommend a program of projects for regional TAP funds for the FY 2023-26 TIP, the Nonmotorized Committee recommended moving the KCRC/Ada/Kentwood Argo Ave sidewalk project from FY2022 to FY 2024. This left the \$125,790 available to be programmed in FY22. Because of the timing, being in FY22 already, it was recommended that the funding was allocated to the existing Kentwood Burton St sidepath project. If approved, the updated funding would be 65% Federal and 35% Local, totaling \$302,100 which would adhere to match requirements. TPSG recommended approval of this change at their Dec. 1, 2021 meeting.
- GVMC on behalf of the City of Lowell is requesting approval of the budget and construction length changes to their River Valley Trail Connection Project funded with Statewide TAP funds. Staff is also requesting approval of the suspension of Lowell's South Monroe Street Small Urban project as it is no longer needed (please see attachment).

If you have any questions, please do not hesitate to contact me at (616) 776-7610.

December 16, 2021

Laurel Joseph, Transportation Planning Director  
Grand Valley Metro Council  
678 Front Avenue NW, Suite 200  
Grand Rapids, MI 49504

Laurel:

The City of Grand Rapids is requesting the following projects be added to the regional Transportation Improvement Program (TIP) in FY 2022:

Job Number: JN 214068  
Project Name: Burton Street SE/SW  
Project Limits: Clyde Park Avenue SW to Eastern Avenue SE  
Project Estimate: \$450,000  
Federal Amount: \$396,000  
Local Match: \$44,000 (construction)  
Work Description: Traffic signal improvements at Buchanan Ave SW, Jefferson Ave SE, Madison Ave SE and Eastern Ave SE; traffic signal timing optimization at Clyde Park Ave SW; signal preemption for emergency vehicles and transit throughout project corridor limits; pavement marking changes to remove southbound Buchanan Ave right turn lane; construct raised median refuge island with rapid flashing beacons at Lafayette Ave SE.

Please note in September 2021 I requested a TIP amendment for this project to be added to FY 2023. But we were recently informed by MDOT that additional Highway Safety Improvement Program (HSIP) funds are available in FY 2022, so this project is being moved forward from FY 2023 to FY 2022.

The City also submitted another phase of safety improvements for Burton Street to the FY 2023 HSIP program. This second project scored well but fell just below the available FY 2023 funding at that time. With the additional FY 2022 funding available now, MDOT has also awarded the City this second Burton St project:

Job Number: Pending  
Project Name: Burton Street SE Signal Modernization  
Project Limits: Eastern Avenue SE to Breton Rd SE

Project Estimate: \$385,000

Federal Amount: \$346,500

Local Match: \$44,000 (construction)

Work Description: Transit and emergency signal preemption improvements; traffic signal optimization, detection for more responsive timing and preemption; signal modernization at two intersections (Kalamazoo Ave SE and Plymouth Ave SE); reflectorized backplates, flashing yellow arrows, and countdown signal heads; pavement marking changes for bicycle facilities and pedestrians.

I have attached the email from MDOT staff confirming these FY 2022 HSIP awards for reference. Please let me know if you have any questions. Thank you for your assistance. Happy holidays!

Sincerely,

Kristin Bennett, AICP  
Transportation Engineering Projects Manager

**Subject:** FY22/23 MDOT LAP Safety Program

Good Afternoon,

We have been informed by MDOT Planning that we will be receiving an additional \$3.7M for the LAP Safety Program for FY22. We really appreciate everyone's quick review of their program and the commitments to move the following projects forward to FY22:

**Genesee County**

- JN 214017, Beecher Road, from Graham Road to Ballenger Highway (\$800,000/\$600,000 Fed)
- JN 214018, Linden Road, from Hill Road to Linden Creek Parkway (\$250,000/\$225,000 Fed)

**Ingham County**

- JN 213767, Meridian Rd at Grand River Ave (\$450,000/\$360,000 Fed)

**City of Pontiac**

- JN 214132, Auburn Ave Signal Modernization (\$683,793/\$600,000 Fed)

**City of Grand Rapids**

- JN 214068, Burton St SW/SE (\$440,000/\$396,000 Fed)
  - With non-awarded #48, Burton St. SE Signal Modernization (\$385,000/\$346,500 Fed)

Additional projects will be added from Jackson and/or Monroe Counties to reach \$3.7M, but I wanted to notify you as soon as possible so that you can focus on NEPA/SHPO and design for these projects. Pam Blazo will submit programming changes to modify the projects accordingly.

More information will be forthcoming regarding projects to backfill the \$3.7M in FY23. We are currently awaiting the actual increase amount for FY23 as well. We should have that number between December 13-20.

Thank you again and please let me know if you have any questions.

Sincerely,

**Ryan P. Doyle, P.E.**

---

Good morning Laurel,

FHWA has approved the attached FY 2021 Repurposed Earmark for the City of Grand Rapids. The signed earmark form is attached in PDF and excel. Please share this information with the local agency.

Repurposed earmarks must be programmed in JobNet by MDOT please contact Barb Davarn at [DAVARNB@michigan.gov](mailto:DAVARNB@michigan.gov) to program these projects. If you already have a project programmed in JobNet that this earmark is to be added to, please provide the Job Number of the project. All FY 2021 Repurposed Earmark funds must be obligated by **9/30/2024**. The addition of an earmark requires the project to go through a full TIP amendment (not an administrative modification), please plan your project schedule accordingly. This earmark has full obligation authority.

Thank you and let me know if you have any questions.

*Heidi Phaneuf*

Description of Project - From	Program Code	Funds Amount
Wealthy Street Extension, Grand Rapids, MI	56C0	\$499,915.00
<b>TOTAL FROM</b>		<b>\$499,915.00</b>

Description of Project - To	Program Code	OA Type*	Amount
State Street - Reconstruct Lafayette Ave to Madison Ave, Grand Rapids, MI	RN94	NFA	\$499,915.00
<b>TOTAL TRANSFER</b>			<b>\$499,915.00</b>

**COMMENTS**

MI322: The earmark is less than 10 percent obligated as of October 1, 2020. I certify that the referenced project(s) for the Earmark Repurpose Transfer Request meet the following criteria: 1) are designated by law as identified in Section 124 of the Department of Transportation Appropriations Act, 2021 (Pub. L. No. 116-260, Division L, Title I); and 2) are eligible STBG or THP project(s) and located within 25 miles of the earmark description in the same State.

\* OA Type: SL - special limitation; FL - formula limitation; EX - exempt from limitation; NFA - non-federal-aid

**Earmark Repurposing Certification**

The Approving Officials certify that, pursuant to section 124 of title I, division L of Public Law 116-260, the designated earmark(s) meet the requirements for repurposing and that the repurposed funds will be obligated for eligible purposes on the identified project(s) which are within a 25-mile radius of the previously designated earmark.

Yes

**STATE TRANSPORTATION DEPARTMENT**

I certify that the funds requested for transfer are in accordance with the applicable provisions of title 23 U.S.C.; that the funds are unobligated and uncommitted; and that the percentage of funds to be transferred combined with previous transfers does not exceed the permissible amount eligible for transfer under the affected program categories according to applicable State and Federal laws and regulations. Where applicable, concurrence from affected Metropolitan Planning Organizations and other agencies has been obtained and recorded in this office. Further, I certify that I have the authority to approve the transfer of Federal-aid Highway program funds.

Patrick McCarthy  
Director, Bureau of Finance and Administration

Patrick McCarthy  
Aug 25 2021 9:00 AM

**FHWA DIVISION ADMINISTRATOR CONCURRENCE**

I certify that I have reviewed the request to transfer funds as itemized above; that this request is in accordance with provisions of title 23 U.S.C. and FHWA policy and procedures; and I have the authority to approve transfer of Federal-aid Highway program funds.

**MEMORANDUM**

**DATE:** January 12, 2022

**TO:** Technical and Policy Committees

**FROM:** Laurel Joseph, Director of Transportation Planning

**RE:** **FY2022 Updated Funding Targets**

At the end of December, GVMC staff was notified that the FY2022 funding allocations have been updated based on the new federal infrastructure bill. The table below summarizes these new funding targets compared to the old.

<b>Urbanized Area</b>			
<u>Funding Source</u>	<u>Updated Target</u>	<u>Original Target</u>	<u>Available to Program</u>
<i>STP-Urban</i>	\$11,054,738	\$9,290,000	<b>\$1,764,738</b>
<i>STP-Flex (whole urbanized area)</i>	\$638,411	n/a	<b>\$638,411</b>
<i>NHPP</i>	\$697,974	\$731,000	<b>-\$33,026</b>
<b>Urban County</b>			
<i>STP-Rural</i>	\$1,086,883	\$913,000	<b>\$173,833</b>
<i>State EDC</i>	\$905,230	\$859,000	<b>\$46,230</b>
<i>STP-Flex (Kent Co.)</i>	\$1,470,006	\$1,262,000	<b>\$208,006</b>

Staff has analyzed the current programming levels for projects in FY2022 and developed some proposed strategies for this funding for the Committees to consider. However, MDOT is cautioning that currently obligation authority is low and operating under a continuing resolution through 2/18/22 based on FY2021 amounts.

**STP Urban**

- Get the projects that were originally funded with this funding source at 25-27% local to 20%
  - Would use \$521,142

- Add 5% federal funding to those projects overmatched at more than 25%
  - Would use \$147,774
- Options to do with the rest
  - New projects seem unlikely given the timetable for obligation
  - Allocate ACC amount (\$712,922) to GR for Ottawa Avenue project to alleviate advance construct.
  - Add more federal to projects still overmatched
  - Other ideas?

#### New STP Flex (whole urbanized area)

- Supplement NHPP shortfall
  - \$33,026
- Make OCRC rural flex project 80/20 split
  - \$76,537
- Add more funding to other overmatched projects
- Bring TAP project up to 70% federal
- Other ideas?

#### NHPP

- Make up shortfall with new STP Flex

#### STP Rural

- Absorb into currently programmed STP Rural Project (KCRC 100<sup>th</sup> street from Hannah Lake to East Paris), which will stay under 80% federal.

#### State EDC

- All EDC projects are funded at 80/20 split → roll over to future year?

#### STP Flex (Kent County)

- Add more funding to other overmatched projects
- Other ideas?

For reference, attached is a spreadsheet of FY2022 projects that are not yet obligated. Projects that are currently matched at 80/20 or other “maxed out” ratio or funded with state-run programs are in grey, indicating they are not able or recommended to receive additional funding. If funding is solely added to existing projects, it is likely that most of these changes will be administrative modifications. However, it is possible that a federal GPA threshold increase or other budget threshold amendment could be triggered.

Typically, changes like this would go through the TPSG Subcommittee prior to Tech/Policy. However, because of the limited obligation authority and the timing within the existing fiscal year, staff is bringing it forward for consideration now.

If you have any questions, please do not hesitate to contact me at (616) 776-7610.

**MEMORANDUM**

---

**DATE:** January 12, 2022

**TO:** Technical and Policy Committees

**FROM:** Laurel Joseph, Director of Transportation Planning

**RE:** **FY2023-2026 Transportation Improvement Program**

---

On November 10 and December 1, 2021, the Transportation Programming Study Group met and on November 22, 2021, the Rural TIP Subcommittee met to begin the process of programming projects for the FY2023-2026 Transportation Improvement Program (TIP). The results of those programming efforts are reflected in the attached proposed FY2023-2026 TIP list of local, MDOT, and transit projects as well as an illustrative list of projects.

The illustrative list of projects includes projects that are deficient in one form or another but have no Federal or State funding associated with them. These projects are placed there in case programmed projects are canceled or more Federal/State funding becomes available. In that case, these projects can move into the TIP with minimal MPO action as these projects have been through the consultation process, environmental justice review, air quality conformity analysis, and public involvement.

The next step in the development of the TIP is to begin the consultation process, environmental justice review, air quality conformity analysis, and additional public involvement. The current FY2020-2023 TIP will remain in effect until the FY2023-2026 TIP is approved by MDOT and the Governor and has been found to conform to the SIP by FHWA and FTA.

GVMC staff is looking for Technical and Policy Committees' preliminary approval of the attached draft lists of proposed projects in order to continue to move the process forward.

Public notice of public participation activities and time established for public review of and comments on the TIP will satisfy the POP requirements for Section 5307 public involvement.

If you have any questions, please do not hesitate to contact me at (616) 776-7610.
