MEMORANDUM

DATE: February 26, 2020

TO: TPSG Subcommittee

FROM: Laurel Joseph, Transportation Planner

RE: **FY2020 STP-Urban and State EDC Programming Discussion**

At the next TPSG meeting, which will take place on March 4, 2020 at 9:00 am at the Kent County Road Commission immediately prior to the Technical Committee meeting, the Subcommittee will be tasked with discussing and making a recommendation regarding additional available FY2020 funds in the STP-Urban and State EDC funding categories resulting from updated allocation information from MDOT. The amounts of additional federal/state funds are listed below.

- STP-Urban: \$144,953
- State EDC: \$113,136

The STP-Urban funds must be obligated within this fiscal year. One option to accomplish this would be to increase the federal funding for one or more existing FY2020 STP-Urban projects that have not been obligated yet. State-EDC funds are a little more flexible and can be carried over more easily through coordination with MDOT.

For reference and to aid in the discussion, attached is a spreadsheet that includes all the FY2020 STP-Urban projects that are programmed but not obligated yet as well as the FY2020-2023 State EDC programmed projects. Those that have grey text are currently programmed with an 80/20 split between federal/state and local funding. Listed in black are projects that have a higher programmed local share.

If you have any questions, please do not hesitate to contact me at (616) 776-7610.
