MEMORANDUM

DATE: December 1, 2010
TO: Consulted Organizations and Agencies
FROM: Andrea Dewey, Transportation Planner
RE: Request for Consultation on Draft 2035 Long Range Transportation Plan and Projects

In the spirit of cooperation and collaboration, and acknowledging the critical role that a number of agencies play in achieving the goals of the transportation industry, the Grand Valley Metropolitan Council (GVMC) is consulting with Federal, State, Tribal, and local agencies responsible for land use management, natural resources, environmental protection, conservation, transportation/transit services, economic development, human services, historic preservation, and land use planning

Consulted agencies are asked to review the Draft LRTP document (available at <http://www.gvmc.org/transportation/longrangeplan.shtml>) and Draft Project List and map (enclosed) and compare these materials to their own planning documents. The purpose of this consultation process is to meaningfully engage consulted agencies in a “two-way” conversation to not only address the needs of transportation agencies, but to be supportive of resources and regulatory agencies’ and planning organizations’ goals and initiatives.

Projects in the LRTP include road resurfacing/reconstruction and road widening projects, as well as transit related projects. Enclosed are the Draft LRTP Project List and a corresponding map for locating projects. While the LRTP does list the implementation priorities for transportation projects in Kent and Eastern Ottawa County, the inclusion of a specific project does not guarantee construction. The entire Draft LRTP document is available through our website at: <http://www.gvmc.org/transportation/longrangeplan.shtml>.

Consultation Meeting: Consulted organizations are also invited to a meeting on **December 16, 2010** from **2-4 p.m.** at the GVMC Offices (678 Front Ave NW, Suite 200, Grand Rapids, MI 49504) with GVMC staff to share/compare planning information to better assure compatibility. This consultation process is not meant to replace other regulatory agencies’ responsibilities under federal laws and regulations, and does not supersede any existing programmatic agreement, memorandum of understanding other collaboration tool.

Please respond on or before December 30, 2010: Your comments are an important part of the transportation planning process and will be incorporated into the document itself, whenever feasible, and also be included in the LRTP Appendix. Without appropriate feedback, it is difficult for our organization to foresee potential issues, therefore, lack of comment on your part will be viewed as endorsement. Thank you in advance for your comments and participation. Comments may be directed to:

2035 Long Range Transportation Plan Update - Additional Consultation Information

What is GVMC?

The Grand Valley Metropolitan Council (GVMC) is the Metropolitan Planning Organization (MPO) for Kent and Eastern Ottawa Counties in western Michigan. GVMC is required by federal legislation to provide coordinating transportation planning and is made up of various governmental agencies, including:

- Federal Highway Administration (FHWA)
- Michigan Department of Transportation (MDOT)
- Kent County Road Commission
- Ottawa County Road Commission
- Cities of Cedar Springs, East Grand Rapids, Grand Rapids, Grandville, Hudsonville, Kentwood, Lowell, Rockford, Walker, and Wyoming
- The Townships of Spencer, Nelson, Solon, Tyrone, Sparta, Algoma, Courtland, Oakfield, Grattan, Cannon, Plainfield, Alpine, Ada, Vergennes, Lowell, Bowne, Caledonia, Gains, Byron, Jamestown, Georgetown, Blendon, Tallmadge, Allendale
- The Villages of Casnovia, Sparta, Caledonia
- The Rapid/Interurban Transit Partnership
- Gerald R. Ford International Airport

These agencies are represented on the GVMC's Transportation Committees, meetings of which are open to the public. More information on the meeting schedules for GVMC Committees can be found at

www.gvmc.org

GVMC's transportation program is funded by planning funds from the Federal Highway Administration, the Federal Transit Administration, the Michigan Department of Transportation, and local dues.

What is the 2035 Long Range Transportation Plan Update?

The 2035 Long Range Transportation Plan Update (LRTP) is a federally mandated document that provides a strategy and methodology to outline planned transportation improvements through the year 2035.

The Long Range Transportation Plan:

- Covers a minimum 20-year horizon
- Is updated every four years
- Encompasses all modes of transportation
- Uses the most recent data available to assess transportation needs and priorities
- Is realistic in terms of projected available funding – it is not a “wish list” of projects
- Conforms with the State Implementation Plan for air quality purposes
- Is required for federal transportation dollars to be expended in our area
- Is developed in accordance with joint regulations from the Federal Highway Administration and the Federal Transit Administration

The 2035 LRTP Update is being developed by GVMC with the assistance of the GVMC Technical and Policy Committees. These committees consist of representatives from local governments, road, and

transit agencies. To view the current adopted LRTP, please go to <http://www.gvmc.org/transportation/longrangeplan.shtml>.

Why are we consulting your organization?

The purpose of this consultation process is to meaningfully engage the consulted agencies in the transportation planning process, and to exchange information to not only address the needs of transportation agencies, but to be supportive of resource and regulatory agencies' and planning organizations' goals and initiatives. This "two way" conversation is consistent with federal and state requirements for the development of the Long Range Transportation Plan (SAFEER-LU: reference 23 U.S.C. 134(i)(2)(B), 23 U.S.C. 135(F)(4), 23 U.S.C. 134(i)(4), and 23 U.S.C. 135(f)(2)(D)), but is not meant to replace other regulatory agencies' responsibilities under federal laws and regulations, and does not supersede any existing programmatic agreement, memorandum of understanding or other collaboration tool. All projects will be processed through the National Environmental Policy Act of 1969 (NEPA).

GVMC will use the consultation process to better inform the transportation decision-making process, to take into account environmental, community, and economic goals through the life cycle of any given transportation project, from the planning state through development, design, construction, and maintenance. Possible issues and environmental concerns are brought to the forefront through consultation by:

- 1) Improving agency understanding of transportation projects at an early (planning stage), as well as keeping the agency informed about a project.
- 2) Improving the projects' proponent's understanding of other agency's regulatory requirements.
- 3) Helping resolve differences and improve transportation decisions.
- 4) Reducing the time, effort, and cost to implement transportation improvements.

To view the Draft 2035 LRTP Document and Project List please visit:

<http://www.gvmc.org/transportation/longrangeplan.shtml>. At the bottom of this webpage you will also find a list of the agencies and organizations contacted as part of the Consultation and Environmental Mitigation processes. Seven Environmental Mitigation maps (Cemeteries, Flood Zones, Historic Sites, Parks, Water Features, Wetlands, and Woodlands) and corresponding lists of LRTP projects with potential impact, may also be found at the bottom of this webpage.

Consultation Meeting

A meeting is scheduled for **December 16, 2010** from **2-4 p.m.** at the GVMC Offices (678 Front Ave NW, Suite 200, Grand Rapids, MI 49504) for consulted agencies to meet with GVMC staff and share/compare planning information to better assure compatibility.

If your organization cannot attend the meeting, GVMC is available to answer questions and provide additional information for proposed projects. Please contact Andrea Dewey at andrea.dewey@gvmc.org or by calling **(616) 776-7601**.

Please mail written comments and documentation to:

GVMC
Attn: Andrea Dewey
678 Front Ave NW, Suite 200
Grand Rapids, MI 49504

Comments received will be incorporated into the decision making and approval process for the 2035 LRTP and will be included in the document itself.
